DOYD CRAWFORD, FIRE AUMINISTRATOR

American Committee for diberation 30 Fast 42nd Street New York 17, New York

Genelemen:

Few people appreciate the scope or the significance of programs consucted abroad by private American organizations. For the past two years, this Subcommittee has been studying the impact of these efforts on the United States image abroad. You can assist our study, and help us tell the story of private American philanthropy abroad, by completing and recurating the attached questionnaire.

The Committee hopes to publish the replies to Part I of the questionmaire, thereby drawing attention to the important public service performed by the private Emerican sector and furnishing you with information which should prove aelpful to your own operations. Your answers to questions in Part II will be kept confidential. They will be used for analysis purposes only, without attribution to any responding organization.

of the 23 questions in the questionnaire, only 7 call for statistical information - and in replying to most of these, you may use approximate dollar figures or percentages. The remaining questions can be answered in a matter of minutes. We would appreciate it, therefore, if you would return the completed questionnaire within 30 days. An addressed return envelope which requires no postage is attached for this purpose.

In asking for your cooperation, I want to assure you that it is not the purpose of this Subcommittee to promote government sponsorship, direction or control of private American activities abroad. In other words, we go not seek to have any private organization become the arm of the Federal Government. Neither does the Subcommittee seek to elicit information about the religious activities of American churches and church-related groups.

With thanks for your help, and best wishes, I am

Sincerely yours,

Dante B. Fascell, Chairman, Subcommittee on international

Organizations and Movements.
